

UWANA Activities Committee

Member Survey

The activities committee struggles to have activities that do well and please the members of our area, so we have decided to get your input. In order to gain input from NA members in our area as to the kind of activities the Groups and Members of UWANA would like to see their 7th traditions and our efforts go into, I would ask that each GSR take this back to your Home Groups and write down suggestions, ideas, comments, etc. on the directions this sub-committee should go in. Individual NA members are also encouraged to respond to this as well.

Day in the Park/Celebration of Recovery. Usually sometime in September give us some direction on this _____

New Years Eve Bash: New Years Eve has been running in our area for about 25 years; it used to be much larger. In my opinion it should run like a convention and have its own committee that starts planning in January. (This is my opinion, groups please comment on this idea)
