

2026 UWANA Budget:

Below is the proposed annual budget (spending) for our local area. In general, this is how we plan to spend YOUR donations in 2026. We estimate an income of roughly \$4500 in donations based on historical donations and projected growth.

These figures have been proposed based upon an analysis of the last 9 years of area donations, spending from each individual subcommittee, and our donations to region and world and have been reviewed by the current subcommittee chairs.

If you have any questions, please reach out to Drew at 513-600-6192.

Proposed Budgets by Subcommittee / Sub Account
