Old Business:

Julie Nominated as Vice Chair '25

Unanimously voted in, Collyn hates slow claps so we definitely did this.

Wanting to take note of those who are willing to speak at facilities and/or the prison. Facilities who do speakers don't typically need special clearance but the prison will need to approve clearance with a background check. Background check for a guest speaker at the prison is good for ONE visit.

If someone in the region is qualified for H&I they will need to qualify for this the same way people in the area do. We will talk about this. How do we feel about orientation for new people, especially for people from other areas within the region. We think that people within the area, if they are qualified within their area they are a-okay to qualify in our area.

Stevies To-Dos for the next secretary:

**What we HAVE in our literature inventory VS. What we need; Stevie will do an audit of the audit. Will look at the NAWS H&I Literature recommendations and create H&I "Kits" appropriate for each facility type.

Going to put a QR code onto a single sheet for every area, circling the area of the releasee so they can guide themselves to the right area

New Business:

ELECTIONS:

Chair
