Hello H&I,
Invite your sponsees at 4 months clean!
Prison

1. We have four (4) women approved and willing to support the prison. We have our December and January 2026 slots filled. A couple more women would be excellent! Requirements – 1. Although a valent effort to get all facility requirements, we (I) am only ½ way. More to come!

Data – Should we try to capture metrics for H&I?

In loving service,

Collyn

Men's VOA requirements is 6 months clean

Literature Report: Tom on zoom. Has an order to disperse but is not physically present. He would like TEXTS and not emails.

Old Business:

Looking for Basic Texts and Intro Guides for jails; likely more Intro Guides stamped with our area info

What we HAVE in our literature inventory VS. What we need; Stevie will do an audit of the audit. Will look at the NAWS H&I Literature recommendations and create H&I "Kits" appropriate for each facility type.

The Budget; \$1,000 budget for 2026. This is not a HARD LINE.

Literature Rack for Orange Street!!! Ryan will meet up or bring it to Area next month
Carol will get it if Ryan does not bring it today <3

New Business:

Julie Nominated as Vice Chair '25

Unanimously voted in, Collyn hates slow claps so we definitely did this.

Wanting to take note of those who are willing to speak at facilities and/or the prison. Facilities who do speakers don't typically need special clearance but the prison will need to approve clearance with a background check. Background check for a guest speaker at the prison is good for ONE visit.

If someone in the region is qualified for H&I they will need to qualify for this the same way people in the area do. We will talk about this. How do we feel about orientation for new people, especially for people from other areas within the region. We think that people within the area, if they are qualified within their area they are a-okay to qualify in our area.
